

Latest in Pianos

A PIANO TALK—We have some distinctive Pianos in stock and a car enroute from the eastern factories.

New Pianos start at \$268.00 and the Player-pianos at \$398.00 and are purchasable on a divided payment plan.

As many leading Piano Manufacturers raised their prices slightly last week others for the same reason will be forced to do likewise. Substantial saving in our opinion may be made by purchasing now, for Pianos cannot continue being sold at present prices which are below pre-war.

May we explain our purchase plan to you?

Young Men Are Drawn From Electric Railways

CHICAGO, Oct. 5.—Innovations which pique the fancy of young men, particularly gas engines, aviation and radio, are draining the supply of men who formerly entered the electric railway work, declared William Von Phul of New York, former president of the Market street lines, San Francisco, in a report made before the convention of the American Electric railway association here today.

The committee recommended that special arrangements be made with high schools, universities and other educational institutions to give part time employment to men while they still are in school. It also recommended special classes for foreign born and other employees who are not attending schools of any kind.

To Klamath County Chamber of Commerce

KLAMATH FALLS, ORE. October 5, 1922.

We the undersigned employees of the Southern Pacific Company in Klamath Falls and Klamath County believe that our interests, the interests of the Company which employs us and the citizens and business people of this County are the same. We are vitally interested in the final disposition of the Central Pacific properties. Should the Central and Southern Pacific lines be torn apart the Central Pacific which serves this community being forced to operate independently would be a financial weakening.

Such a condition would be a grave misfortune for us and we believe it would be a calamity for this County and State. We are therefore taking the liberty of respectfully petitioning your honorable body to intercede for us, for the Company employing us and for this community with the Interstate Commerce Commission to the end that the Central Pacific and Southern Pacific may continue to remain as one system financially strong and vigorous.

When this has been accomplished the Company will immediately begin that major construction work long neglected on account of litigation.

This will mean much in the expenditure of funds in this community for supplies and labor.

In this the employees of the Southern Pacific as well as the citizens of this County will be permanently and substantially benefitted:
